

**MUNICIPALITY OF THE DISTRICT OF DIGBY
PUBLIC HEARING**

**APPROVAL OF MUNICIPAL PLANNING STRATEGY (MPS)
AND LAND USE BY-LAW (LUB) FOR THE REGULATION
OF WIND TURBINES**

TAKE NOTICE THAT the Council of the Municipality of the District of Digby, on Monday, July 23rd at 6:00 p.m. in the Council Chambers of the Municipal Office, 12548, Seabrook. Digby County will hold a Public Hearing on Council's intention to approve the draft Municipal Planning Strategy and Land Use By-law for the Regulation of Wind Turbines.

The MPS and LUB have remained in place since adoption in 2010. In general, the 2010 documents were found to be functioning as intended and consistent with current best practices. The policies addressed all primary issues and the development control regulations were appropriate to meet the community's needs. The planning documents regulate development in all areas of the Municipality otherwise not regulated through secondary planning documents – the Conway Area, the Digby Wellfield Area and the Municipal Airport Area.

Any interested persons who wish to speak on this matter are invited to attend and make their opinions known to Council. Written submissions will be presented at the Hearing and must be delivered to the Municipal Office at least two (2) days prior to the time of the Hearing. A copy of the proposed document is available for review at the Municipal Office, 12548 Highway 217, Seabrook between the hours of 8:30 a.m. and 4:30 p.m. Monday to Friday.

Linda Fraser
Chief Administrative Officer
Municipal Clerk
