

# Rural H<sub>2</sub>O

**Free Public Information Sessions &  
Home Assessment Program:**

## **Water Quality Testing Water Conservation Source-water Protection**

### ***Are you a home owner with a private well?***

Join Clean Annapolis River Project at one of our free public education sessions focused on drinking water issues for home-owners with private well systems. Topics covered will include water-quality testing, water conservation, and source-water protection. Print resource kits will be provided.

### **Rural H<sub>2</sub>O Home Assessment & Water Test Rebate Program**

Information about free home assessments through the Rural H<sub>2</sub>O program will also be provided during information sessions. A limited number of assessments are available, and rebates for up to \$100 to support water quality testing will be provided. Open to home-owners with private wells in Yarmouth, Digby, Annapolis and Kings Counties.
